Press Release

NILES EXPANDED METALS & PLASTICS INTEGRATES NEW GLOBAL SHOP COMPUTER SYSTEM AT CORPORATE OFFICES

Niles, Ohio -- July 13, 2007 -- Niles Expanded Metals & Plastics integrates new Global Shop Computer System at their Corporate offices. It provides a One-System ERP Solutions™ specifically designed to streamline their manufacturing operations and positions Niles Expanded Metals for growth. This new software will improve on-time delivery for their customers while enabling the Niles Expanded Metals employees an enhanced level of computer technology.

Niles Expanded Metals & Plastics manufactures a complete line of expanded metal, grating and fencing products for domestic and export use. Their expanded metal can be made into many patterns such as; slotted, diamond, square, hexagon, circular and architectural. Different types of alloys can be used as well; aluminum, nickel, titanium, copper, galvanized, carbon steel and plastic. If a customer prefers a finish, Niles Expanded Metals will apply an anodized, painted, plated or powder coated finish.

Niles Expanded Metals & Plastics is an ISO 9001-2000 Certified company. The company was founded in 1959 and is under the guidance of William E. Phillips, Chairman of the Board & CEO and William E. Phillips, Jr., President/COO.
