The Complete Choice For Expanded Materials

Certified ISO 9002

INSTALLATION OF NEW STATE-OF-THE ART EXPANDED METAL MANUFACTURING LINE

Welcome to a new era of expanded metal production and service!

Our production testing has begun on a breakthrough in expanded metal manufacturing.

- ◆ **CHOICE:** Gone are the days when you had to choose between Quality, Service, Delivery and Price. Now you can have them all.

- ◆ **EXCELLENCE:** Improved Tolerances, Superior Accuracy & Unsurpassed Part Quality. We are setting a new standard in expanded metal products.

- ◆ **INNOVATION:** Coils up to 72" wide and Sheets up to 10 feet wide on the same line. CNC controlled ensure World Class Efficiency and Unrivaled Production Speeds.

- ◆ **INVENTORY:** We ship your orders from the industries largest selection of carbon, aluminum and stainless 304 & 316. Most orders ship within 24 hours.
- ◆ **PRODUCTS:** Micromesh to heavy gratings, produced in a full range of architectural, standard and custom patterns.

Niles is rapidly becoming the single source for all your expanded materials.
